

Here for Good

Spreading Christ's love through quality health care to those in need

The Vision

We believe that every person deserves a fair and just opportunity for a healthy life. In order to continue to provide our community with the Full Circle of Health, we have embarked on a 5-year strategic plan, entitled "Here for Good." Our key focus areas: Expanding Community Outreach & Programming; Focus on Friends, Funds, & Infrastructure; and Enriching Organizational Culture will ensure Good Sam is ready and able to meet critical needs now and in the future.

The Financial Breakdown

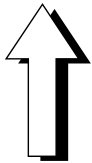

Here for Good

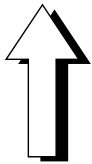

Spreading Christ's love through quality health care to those in need

Our Solution

Expand
Community
Outreach &
Programming

Friends, Funds,
& Infrastructure

Enriching
Organizational
Culture

Developing and sustaining the programs and services our patients and community need to live healthy lives with an approach that offers diverse ways to learn about and engage with our services.

Raising the financial, physical, and personnel resources needed to do our work well.

Creating a place in which employees thrive, desiring to build careers and creating an atmosphere of care, respect, and excellence for all who receive services.

Here for Good

Spreading Christ's love through quality health care to those in need

Medical Care

Additional Medical Providers and Support Staff

- Additional doctors and nurse practitioners to better accommodate growing patient need
- Medical assistants will support both providers and patients through comprehensive and efficient care, while ensuring patients are given the opportunity to enroll in our educational and social programming

Mental Health

Mental Health Programming

- Use group consultations and community mental health first aid training to address current mental health needs within the larger community
- Provide quality behavioral health assessments that ensure patients are receiving the treatment they need
- Increase accessibility by opening up more appointment slots

Community Outreach

Expanding Community Outreach & Programming

- Construct a Community Outreach & Wellness building to house health education and healthy living programming
- Increase outreach programming for school-aged children locally
- Hold community convenings and health fairs to introduce our neighbors to available resources

Pediatric Dentistry

Pediatric Dentistry Programming

- Expand our current comprehensive dental services to include children
- Additional specialized dental providers and equipment to provide compassionate, trauma-informed care to children in need
- Oral health education to set children up for a lifetime of better access and improved health outcomes

Internal Equity

Enhancing Organizational Culture

- Committing to a better future for our staff and interns as a core value of our organization
- Ensuring a living wage for all staff as a measure of internal equity
- Providing opportunities for personal and professional growth through continuing education, tuition assistance, and internal promotion
